30 YEARS
TRANSTAR
1975-2011

Building our business by helping you build yours.

**More than 70% of my business comes from
referrals and repeat customers. So far me,
saving a couple of bucks on cheap parts is out
of the question. One dissatisfied customer can
really hurt my business. I know that Transtar's
internal quality control team will provide me
with the best possible products, and that
they'll continue to be competitively priced.**

**Because my reputation matters, I invest in
new technology and equipment. Because my
reputation matters, I hire the best people in
the industry. Because my reputation matters,
I choose Transtar as my partner. Great parts,
great people and 30 years of experience. We
know we can count on Transtar.**

30 YEARS
TRANSTAR
1975-2011

Building our business by helping you build yours.

"The success of my shop depends on one thing
- keeping my commitments to my customers.
They expect their cars to be ready when I say.
Fixed right at a fair price. I can't take chances.
I need people I can count on - not some of the
time - at the time. And that's Transtar."

My Transtar sales rep knows me, knows my
business, and never lets me down. When I
need technical support, their tech people talk
me through every last detail. And nobody -
nobody - controls quality better than Transtar.

It's pretty simple. I can keep my commitments
to my customers, because Transtar keeps theirs
to me."
